## **An Ellington resident raised in East Windsor, Christopher Davis understands the concerns and desires of the people of the 57th District**

Residence: Abbott Road, Ellington

Family: Emily, wife

Occupation: Realtor

Education: East Windsor Public Schools: K-12  
B.A., Political Science, University of Connecticut  
M.A., Political Science, University of Connecticut  
Former Ph.D. candidate, Political Science, University of Connecticut

## **Family Roots in the Community**

Christopher's family has deep ties to our community.

His maternal grandparents, Jim and Irene Kenney, lived on Lanz Lane in Ellington for many years, where Christopher's mother, Mystica, and her siblings attended Ellington Public Schools. His grandfather, Jim Kenney, served many years as a volunteer with the youth sports programs in town while his grandmother, Irene, was also very active in numerous local volunteer activities.

His paternal grandfather, Charlie Davis, grew up in the Crystal Lake area of Ellington, serving many years as a lifeguard at the beautiful lake and helping operate Jimmy's Hamburger Stand until his death in the late 1990s.

Christopher's parents, Chuck and Mystica Davis, moved to East Windsor in the late 1980s with hopes of achieving what every family wants: a strong, stable environment to raise their children and to plant roots in their community.

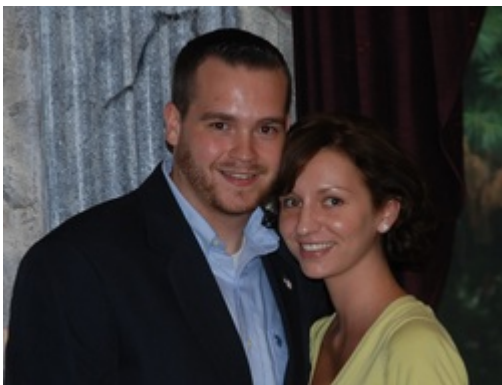

Standing L to R: Chris' mother, Mystica; father, Chuck; wife, Emily

## Educated Through Our Public Schools

Christopher attended East Windsor Public Schools from kindergarten through high school graduation, and continued his studies in Connecticut's public university system at the University of Connecticut. At UConn, Christopher earned both his Bachelor and Master degrees in Political Science. Before his election to the state legislature, Christopher was also studying towards his Ph.D. in Political Science at the University of Connecticut.

## Dedicated to Family

Christopher with his wife, Emily

In 2011, Christopher and his wife Emily, who was also raised in East Windsor, married and moved to Ellington to begin their lives together. Enjoying the beautiful community that is Ellington, Christopher and Emily purchased a condominium in the Ellington Ridge complex off of Abbott Road. They look forward to starting a family in the coming years.

## Real World Experience

Like too many residents in East Windsor and Ellington, Christopher was let go from his position with a once successful, local small business due to lack of work, only days before his wedding in 2011.

Determined to succeed in this difficult economy, he enrolled in the necessary courses and obtained his real estate salesperson license in Connecticut. Self-employed as a Realtor with a local firm, Christopher deals with the challenges of trying to succeed in the business world on a daily basis, recognizing the effects that government regulation can have on small business and the marketplace and bringing real world experience to

his position as your State Representative.

## Active in Our Community

Christopher has also been active in our community. He has volunteered as an assistant coach and umpire for East Windsor Little League and the Enfield Hockey Association over the years. He is a member of the East Windsor Society for Detecting Thieves and Robbers, which was originally organized in 1840, where he was quickly elected as a pursuer.

Christopher is also a member of the Friends of Hall Memorial Library in Ellington, the Pi Kappa Alpha

fraternity, and is also an officer at Hartford Evergreen Lodge #88 of Ancient Free and Accepted Masons.

Christopher signing up to be a volunteer for Ellington's Safe Graduation event

Christopher also volunteers his time to the Ellington Safe Graduation event, helping promote a safe and healthy high school graduation for our town's youth. He has also volunteered at Graduate and Celebrate, a similar program for East Windsor High School students.

To gain real knowledge of how our public school systems operate during the recent education reform debate, Christopher also recently served as a substitute teacher in both the East Windsor and Ellington school systems.

Christopher has also volunteered with East Windsor High School's Guidance Department to offer mock career interviews for junior class students so they can be better prepared for entering our often times challenging workforce.

## Public Service

Speaking at an event honoring our community's Vietnam veterans, Christopher has been active in local and state government for a number of years. In addition to his role as State Representative, he also currently serves on the Broad Brook School Governance Council, helping develop policies and activities to help turn around his former elementary school.

He has also served as a past Chairman and Vice Chairman of the East Windsor Republican Town Committee, and still serves on the Ellington Republican Town Committee and the Connecticut Republican State Central Committee, representing the towns of East Hartford, East Windsor, Ellington, and South Windsor. Christopher is also a past elected member of the East Windsor Zoning Board of Appeals, helping oversee the town's growth and development.

In 2010, Christopher was elected State Representative to serve the towns of East Windsor and Ellington in the Connecticut General Assembly. In his role as Representative, Christopher was appointed to the Finance, Revenue, and Bonding, Public Safety and Security, and Planning & Development Committees. Due to his strong support of opportunities for young adults in Connecticut, Christopher was also asked to serve on the Internship Committee in 2012, which oversees internship opportunities with the Connecticut General

Assembly for college students. Christopher also serves on the General Bonding Subcommittee of the Finance, Revenue, and Bonding Committee.

In addition to his committee assignments, Christopher also volunteered to be a member of the legislature's Manufacturing & Advanced Manufacturing Caucus to promote growth in the manufacturing sector in Connecticut and the Aviation Caucus, advocating for East Windsor and Ellington's general aviation airports. Christopher is also a member of the Sportsmen Caucus, helping develop initiatives in support of outdoor recreation activities.

Other organizations that Christopher has been a member:

World Affairs Council of Connecticut

American Political Science Association

International Political Science Association

Greater Hartford Association of Realtors

Connecticut Association of Realtors

National Association of Realtors

Paid for by Davis 2012. Orlando Gonzalez, Treasurer. Approved by Christopher Davis.
